RE: In the Matter of Schools and Libraries Universal Service Support Mechanism
CC Docket No. 02-6
USAC Administrative Procedures – Corrected Version

Dear Ms. Dortch:

In the Fifth Report and Order¹ the Federal Communications Commission (Commission) directed the Universal Service Administrative Company (USAC) to submit the following within 45 days from publication in the Federal Register:

1. A list describing all current USAC administrative procedures used in the Schools and Libraries Universal Service Support Mechanism; and
2. A proposed plan for resolving audit findings.

USAC submitted these two items yesterday. After submitting them, we realized that we inadvertently neglected to fill in the page numbers for the Table of Contents for the USAC Administrative Procedures document. We have corrected this and other minor technical errors, and with this transmittal letter, we are filing a corrected version. We would be pleased to answer any questions you may have about these items.

Sincerely,

A handwritten signature in blue ink, appearing to read "D. Scott Barash", is written over a light blue horizontal line.
